Wednesday, 4 February 2009

Issued at 4.10pm CST

The Victoria River Bridge - 200 km west of Katherine – remains closed to traffic. Water is 650mm over the deck of the bridge and rising.

River levels continue to be monitored. The motorist alert message boards in Kununurra and Katherine will be updated accordingly.

The Victoria River Highway is now impassable between the Victoria River Roadhouse and Timber Creek, and Duncan Rd and the WA border.

Due to the water saturation of the Victoria Highway, weight restrictions are still imposed on trucks travelling from the NT/WA border to Katherine. Motorists should exercise caution at submerged floodways and stream crossings.

Temporary repairs have been done on the Carpentaria Highway at October Creek - 170km east of the Stuart Highway. The reconstruction is not finished and motorists are urged to proceed with care when driving through the area.

For further information visit [www.roadreport.nt.gov.au](http://www.roadreport.nt.gov.au) or telephone 1800 246 199.
