

## Water over Victoria River Bridge

Thursday, 22 January 2009

Issued at 11.56am CST

The Victoria Highway is closed at the Victoria River Bridge 200 km west of Katherine.

The water level is now one metre over the bridge and rising.

Variable message boards have been set up in Kunnunurra and Katherine advising travellers the Victoria Highway is impassable at the bridge.

Heavy rain in the catchment overnight may take several days to reach the bridge.

The bridge may be closed for two or three days.

The gates on the approach to the bridge have been closed and locked.
